

DS&MG Property and Development Services
Division: Transportation Demand Management for Site Plans
Position: Planning Specialist

The Destination Sales and Marketing Group (DS&MG) is a mobility management company based in Arlington, VA. DS&MG has lead the way in the Transportation Demand Management (TDM) industry since 1998 and has a solid reputation as a firm that creates innovative programming with measurable results. DS&MG is contracted on a long-term basis with local jurisdictions such as Arlington County Commuter Services (ACCS) to operate and manage Arlington Transportation Partners, BikeArlington, WalkArlington, MobilityLab, TDM for Site Plans, as well as providing brand strategy, TDM, and marketing and communications services for goDCgo, Capital Bikeshare and the DC Circulator for the District Department of Transportation (DDOT).

We offer our clients a comprehensive suite of services to support successful transportation initiatives. We provide our diverse staff of consultants, designers and managers with an innovative and varied working environment; competitive salaries and benefits. Transportation Demand Management for Site Plans is a program that coordinates the design and implementation of large commercial, residential, and mixed-use building projects and ensures that commuter and transit infrastructure requirements and services enhance the mobility of residents, workforces, and visitors. The goal of TDM for Site Plans is to reduce single-occupant vehicle (SOV) trips in Arlington by incorporating important physical infrastructural features and programmatic elements, such as bike parking facilities, traveler information, and transit incentives, into new or renovated development at the time of construction.

DS&MG is seeking a Planning Specialist to work directly with developers and property managers to mitigate the transportation impacts of commercial, residential, and mixed-use development. This position will report to the DS&MG, Property and Development Services Director. The individual will spend approximately 80% of the time managing a portfolio of site plan assignments in Arlington County and working with developers and property managers to evaluate, document and report on the implementation of TDM development requirements. 20% of the candidate's time will be spent working strategically with other programs and contracts in the office to promote and enhance the Property and Development Services program.

A strong candidate will have initiative and an eye for detail while working to meet development deadlines, outreach goals while collaborating in a team environment. Must be comfortable contacting property managers and developers via meetings, phone calls and email.

Position Summary

- Manage approximately 50 active site plan assignments on an annual basis.
- Evaluate, document, and report on the implementation of TDM programs, bicycle parking requirements at both site plan and special use permit developments.
- Educate property managers on the purpose of TDM and their obligations under conditions of development.
- Assist with:
 - processing approvals of Transportation Management Plans and building permit drawings
 - documenting and evaluating completion of occupancy permit requirements
 - processing building-level transportation performance monitoring studies
 - invoicing, tracking, and projecting revenue streams

- preparing and maintaining technical guidance documents, standards, and review processes for required elements of the TDM conditions of development

Responsibilities

- Coordinate efforts with Arlington Transportation Partners' Business Development Division and internal Arlington County divisions such as Planning, Zoning, and Site Plan Review.
- Conduct on-site interviews with building managers.
- Conduct inspections of physical infrastructure at operating sites and active construction sites (bicycle parking, showers and lockers, transportation information displays, certain kinds of signage, etc.).
- Review and understand construction drawings and other technical diagrams.
- Document observations on compliance with conditions of development
- Maintain electronic and hard copy tracking systems and databases
- Work with the team to identify opportunities for improvement, streamlining and collaboration within the site plan process and overall Property and Development Services program
- Keep current with industry issues by participating in trainings, webinars & industry conferences

Desired Skills and Experience

- Bachelor's degree
- 3-5 years' experience in real estate development, urban planning, public policy or related fields in an office environment ideal
- Excellent written and verbal communication skills for diverse contexts and audiences
- Local government experience or customer service work experience
- Proficiency in MS Office and database management
- Experience or demonstrated interest in transportation, behavior change, and sustainability.

Please submit resume with cover letter to jobs@transpartners.com and include Planning Specialist in the subject line. No phone calls please. Salary range is \$50,000-\$55,000 depending on experience. Benefits, compressed work schedule and 401K offered. This position is available immediately. Submittals will be accepted until March 17, 2017.
